You should receive your FREE CD within 3-5 weeks. That's it!

*MrExcel loves to browse at traditional bricks and mortar bookstores. He is thrilled that Barnes & Noble and several small bookstores are carrying our titles on their shelves. We realize that several e-bookstores are discounting the title and you can probably save a few bucks by ordering the title online. However, we are offering this promotion to thank the bricks and mortar bookstores and to drive traffic to your local community.

Bricks and Mortar pertains to a conventional bookstore – like the one in your neighborhood. This does not include internet or mail order bookstores.

This offer is not valid with any other MrExcel Mail-In offer.
Offer valid in the US and Canada and only.
